

## Steps to Install the eCalving™ APP for Android

Go to “Setting”:

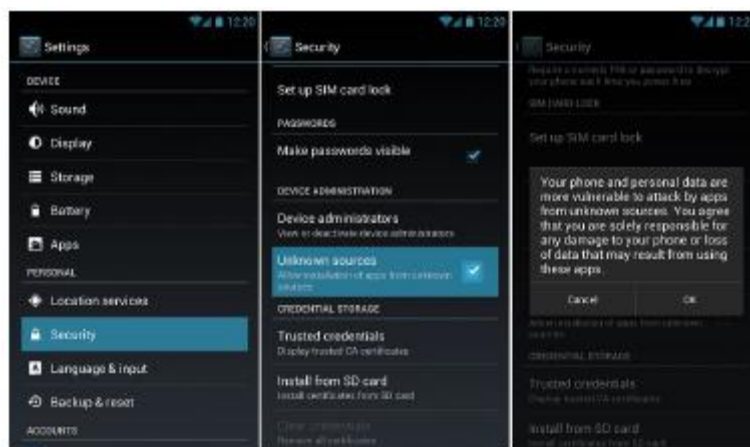

**Step #1:** Modify your Android’s settings to allow the installation of applications from other sources.

For Android 2.3.x

Under “Settings,” select “Application Settings” and then enable “Unknown Sources.”

For Android 4.x

Under “Settings,” select “Security” and then enable “Unknown Sources.”

**Step #2:** Download the eCalving™ APP: Just click the icon to download the APP from the link or using the QR code.
